Destination Points Transfers Between Owners

Need a few more Destination Points for that reservation? Have a few extra Destination Points you can't use and want to sell ("rent") to another Destination Points owner?

Ownertrades.com facilitates the ability of Marriott Vacation Club™ owners to contact each other and work out points transfers amongst themselves. No need to let those extra Destination Points go to waste. No need to find yourself short. Use ownertrades.com to contact other owners and transfer points between yourselves at a mutually agreeable price.

Ownertrades.com was put in place by a Marriott Vacation Club owner for the express purpose of supporting Marriott-owner-to-Marriott-owner contact and business, which it has been doing successfully for over 15 years.
